Contact Management

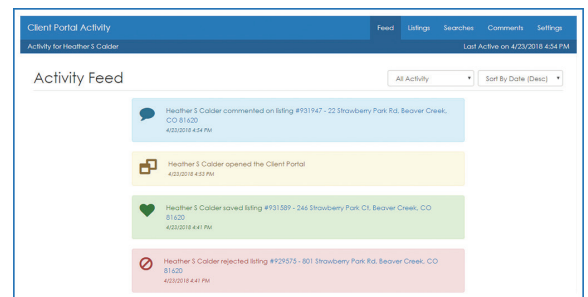

With Rapattoni MLS, members can build a database of contacts and save multiple sets of search criteria for each prospect.

Contact & Prospect Management

Managing contact and prospect information is achieved through a simple interface allowing for quick access to prospecting activity and contact information.

Also includes:

- Email Activity
- Appointments and Tasks
- CMA Packages
- Buyer Closing Costs
- Seller Net Sheet

Prospect Cart

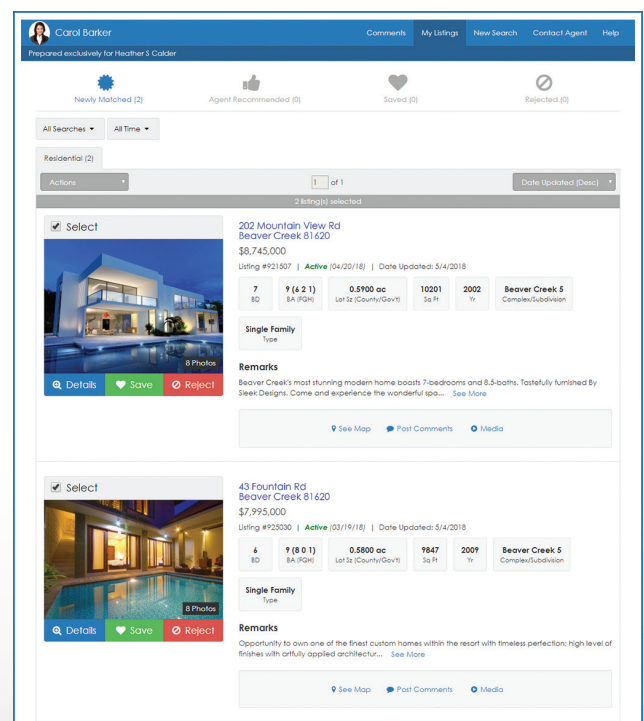

Each prospect has a Prospect Cart for tracking listings within Newly Matched, Agent Recommended, Saved, and Rejected tabs.

Client Portal

Clients can access a personalized web page to view and manage the listings in their Prospect Carts.

Client Portal features:

- Integrated search lets client find additional listings
- Move new listings to Saved or Rejected tabs
- Agents and clients can exchange comments on individual listings
- Branded with office logo and prominently displays agent's contact information
