

At ANB Bank, we have one goal: to be a bank like no other. Our bank is an independent community-focused bank with the strength, talent, commitment and security to fulfill business and personal customers' financial needs. Whether it is through our full array of deposit services, or loans for construction, land, commercial real estate, or mortgages, we are here to help. ANB is made up of individuals who are not only dedicated to helping our clients meet their financial goals, but we are also determined to help improve the communities in which we live and serve.

For years we have been dedicated to giving to a variety of charitable causes, supporting community events, and connecting our volunteers with the community's non-profit organizations. In 2018, company-wide we gave over \$660,000, supported nearly 400 different events and volunteered over 6,450 hours. We are proud to further that commitment through our continued support of the Vail Valley!

Across the ANB footprint, the bank has 31 banking centers serving customers in Colorado, Wyoming, and Kansas City. ANB Bank has financial strength embodied in over \$2.6 billion in assets and is a true community bank with an unwavering commitment to excellence. It is a passion ANB has for banking that makes the difference.
