

## **One Valley Healthcare Program**

Vail Valley Partnership's [One Valley Healthcare Program](#), in partnership with the Small Association Leadership Alliance (SALA), is a comprehensive and cost-effective alternative to traditional plans. This new program offers affordable, accessible, and effective healthcare options for Vail Valley Partnership members – *both businesses and individuals alike*. The One Valley Healthcare Program provides a high-quality, affordable healthcare solution for employers, employees and sole-proprietors. While not health insurance, the program provides 100% coverage for preventative care, options for co-payment features with 100% coverage, and addresses unforeseen medical expenses, such as illness and injury.

*This program is not insurance.* It is an alternative solution that features a choice of two preventative care plans, each coupled with a medical cost sharing membership for sharing expenses related to unexpected medical needs. Participants can expect to save as much as 60% when compared to health insurance!

### **Key Takeaways:**

- Available to businesses AND individuals
- Available to full-time, part-time and seasonal staff
- The One Valley Healthcare Program, provided by SALA, lowers healthcare costs by as much as 60%
- Enrollment is monthly – you may join at any time
- Offers a choice of two high-quality, affordable healthcare solutions
- Includes a four (4) year "Rate Lock" – offering rate stability in a very unstable market\*

## Introducing Vail Valley Partnership's One Valley Healthcare Program

**Did you know, less than 50% of small businesses in the US offer healthcare? We'd like to change that in Eagle County.**

Vail Valley Partnership's One Valley Healthcare Program, in partnership with the Small Association Leadership Alliance (SALA), is a comprehensive and cost-effective alternative to health insurance.

This new program offers affordable, accessible, and effective healthcare options for Vail Valley Partnership members – both businesses and individuals alike. The One Valley Healthcare Program provides a high-quality, affordable healthcare solution for employers, employees and sole-proprietors. While not health insurance, the program provides 100% coverage for preventative care, with options for copayment features with 100% coverage, and addresses unforeseen medical expenses such as injuries and illness.

Medical cost sharing is not health insurance, but an alternative to traditional health insurance. Before replacing health insurance with a medical cost sharing membership, it is important to understand the requirements and restrictions for members. Learn more at [OneValleyHealthcareProgram.com](http://OneValleyHealthcareProgram.com).

### How It Works:

- 1) Be a Vail Valley Partnership member in good standing.
- 2) Watch the informational webinar.
