

# COLLECTIVE

DESIGN + FURNISHINGS

[Collective Design + Furnishings](#) was founded with a simple goal: make it easy and enjoyable for Rocky Mountain homeowners to create inspirational spaces by combining sophistication with a distinct sense of place. To fulfill that mission, we offer full-service interior design through an award-winning team of designers, paired with a premier retail boutique, allowing us to satisfy a broad range of home design needs.

By employing a fresh approach to mountain luxury home design, our designers work with clients to ensure their unique perspective is reflected in the spaces we create together. Our comprehensive, collaborative process yields spaces that don't fit a particular mold, but that evolve in response to the people who inhabit them. Our diverse team of experienced designers begins each project by developing a thorough understanding of each client's lifestyle, needs and aesthetic preferences. As a design unfolds, that vision is translated into original spaces that feel comfortable, current, and deeply personal.

Our showroom, located across from Whole Foods in Frisco, offers a collection of high-end furnishings and accessories that have been carefully curated by our designers to reflect a modern mountain aesthetic.
