

January 1, 2023

Dear Members and Friends,

If you have spent any time at Middlebury Indoor Tennis these past few months, you will have noticed that we continue to get busier. This is great for the club, but also means that players cannot always get their desired court times. To help accommodate increased demand for court times, we are making some adjustments to free up some early morning times on Mondays and Fridays (8-9:30 am), and to do our best to accommodate those who wish to play late afternoon/early evening. (As a reminder, there is usually plenty of court time available mid-day during the week.)

And now for the boring part of the sermon: As we continue to have more people in the building, it is even more important that we all work to keep it clean and safe. Please bring court shoes to change into so that the parking lot stays in the parking lot and the courts remain clean, safe, and enjoyable for players. If you have cold or flu symptoms, please stay home and prevent the spread of illness. Our policy of being vaccinated against COVID is still in effect.

As a non-profit organization with a mission of promoting health and fitness with tennis as our focus we strive to make tennis accessible and affordable. We provide scholarships to students who might not otherwise be able to play. ***We have also kept membership fees unchanged for more than ten years.*** The scholarships and those served by them are easy to quantify. The numbers we are able to help by keeping our membership fees from rising is not as easy to count. If you feel that this policy has helped you, I would appreciate hearing from you.

Our Middlebury Indoor Tennis community is extraordinarily caring and considerate. Thank you for your role in making that the case.
