

MESSAGE FROM STATE RANK & FILE DIRECTOR

CAL FIRE Local 2881 Members:

The State Controller's office is processing the payments owed to members included in the Academy settlement. Every member who has been identified as a participant in the settlement should have received their release form.

Please see below list of names of recipients who have not sent in their Release form. In order to receive payment, the release form must be filled out and sent back. If your name is listed below and you have not received a release form, please contact us and we can help get you that information.

The settlement reimburses members for hours worked outside their contractual work hours while attending the academy. This settlement was the result of the relentless efforts of your union. The department fought us every step of the way believing there was no contract violation occurring.

Without your participation in the union, we would not have the resources needed to take on management when contract violations occur.

YOUR Union at work.

A handwritten signature in blue ink, appearing to read "Tim Edwards".

**Tim Edwards
State Rank and File Director**
