

Study Participants Wanted!

Language in Motion Lab

Dr. Lisa Goffman, PhD, CCC-SLP

Callier Center for Communication Disorders & School of Behavioral and Brain Sciences at the University of Texas at Dallas

WHO?

-  Any child 4- to 5-years-old...
-  With speech and language difficulties
OR
-  Typical speech and language skills
AND
-  Speaks English as his/her primary language

WHAT?

-  The goal of our research is to understand motor and language learning, so in the long-term we can develop better therapies for children with speech and language difficulties
-  Children will receive a free speech, language, and hearing evaluation
-  Children will also receive a toy & parents will receive \$20.00 for each session

HOW LONG?

-  This study has multiple sessions—ranging from 1 session to 10 sessions
-  Each session will last about 1.5 hours

WHERE?

-  Sessions will be held at the Callier Center in Dallas
