SPEECH-LANGUAGE CAMP

for 3–5 year olds (incoming preschool & kindergarten)

MONDAY – FRIDAY

9:00 to 11:30 am • \$750 for 2-week session

Limited Space Available

Session 1: June 8–19 • Session 2: July 13–24

THE TADPOLES PROGRAM

Each of our two-week Tadpoles sessions is structured as a therapy-based camp for 3–5 year olds with receptive and/or expressive speech and language delays. The sessions are designed and led by experienced, certified Speech Language Pathologists to specifically target students' communication, play and social skills. To ensure that each child receives individualized instruction, we maintain a low teacher-student ratio with a maximum of four students for each Speech Language Pathologist.

The structure of our Tadpoles Summer Learning Camp is intended to lay the foundation for academic success. Singing songs, playing games, and exposing children to a school routine also prepares students for the coming school year.

WHY TADPOLES CAMP?

- Engaging learning environment
- Daily Focus on improving receptive & expressive language skills, play skills, & social communication
- Frequent opportunities for guided communication
- Small class size: four-to-one ratio with Speech-Language Pathologists

BENEFITS OF SUMMER LEARNING

We all enjoy our summer break; however, the importance of sustained academic focus, along with maintained school routines and social interactions is crucial to the ongoing development of our children. Oak Hill Academy is committed to providing fun, interactive learning opportunities to our students. The play-based curriculum offers an interesting and fun approach to learning while providing opportunities for collaborative social interactions with peers.
