EASTER AT ATLÁNTIDA ECOVILLAGE

XIV LEADERS TRAINING IN DANCES OF UNIVERSAL PEACE & SUFI CAMP

ATLÁNTIDA ECOVILLAGE, EASTER (April 2-9 2022)

On this occasion we are going to place a lot of emphasis on deepening the particular medicine of the Sufi lineage of the Dances of Peace, learning about some of its fundamental teachers and their teachings generations ago. We will also penetrate the Sutra of the Great Wisdom of Buddhism that says in one of its lines: There is no ignorance, nor extinction of ignorance, nor old age and death, nor extinction of old age and death, nor suffering, nor cause of suffering, no liberation from suffering, no path leading to liberation from suffering, no wisdom, no attainment. With nothing to gain, the bodhisattva trusts in the Perfection of Wisdom and the mind is free from obstacles. Without obstacles, there is no fear. And finally we will have an emphasis on dances and teachings of Jesus in Aramaic, of the Cosmic Christ and the ongoing invitation to enter his threshold. And we will do it while we enjoy Spoken Teachings, Concrete Practices, Workshops, Meditation, Magic Night, Temazcal, Zikr, Sufi-Seshin and of course a lot of training in Dances of Universal Peace
