

Israel Pro-Life Education Project
presented by the
Jewish Pro-Life Foundation

Our Mission
Since 2006, the Jewish Pro-Life Foundation has been saving Jewish lives by promoting life saving solutions to unplanned pregnancy in the Jewish community. We provide education about the development, viability and sanctity of unborn life, as well as traditional Jewish law regarding abortion. We inspire Jews to welcome pre-born Jewish children into the inclusive movement of modern Jewish life and religion. We also provide Jewish friendly adoption and pregnancy care referrals. We teach our community about the harmful effects of abortion, and provide support to Jewish women and men who suffer after abortion. We are not affiliated with any Jewish denomination, political organization, or the messianic movement.

Our Work
The Jewish Pro-Life Foundation has an educational website that includes a library with articles and files, graphics and memes, a speakers list, rabbis, videos and other resources that we use to provide much needed pro-life education to the Jewish community through mailings, social media posts, videos, podcasts, and zoom meetings. We also have a confidential, Teshuvah based healing program for Jewish women and men who suffer after abortion. This program is held several times a year in our private zoom room at no cost to participants.

Our Vision
We want to bring our work to Israel, in the form of the Israel Pro-Life Education Project that will inform and transform Israel into a life affirming Jewish society inspired to protect unborn children and their families from the death and destruction of abortion.

Our Need
Initially, we need Jewish paid help and volunteers in Israel with public relations experience, translation skills, and basic technology abilities to transcribe our educational resources into Hebrew, find pathways in public media to distribute our graphics and memes, and build a volunteer base who will share our resources on social media. Eventually, we need Hebrew speakers who can present our power point in scheduled virtual and face to face meetings in Israel.

Funding
The Jewish Pro-Life Foundation is a 501(c)(3) educational organization. Starting in January 2023, we will have a public charity status that will allow us to fundraise for the Project. Our sincere intention is to keep expenses low with funds earmarked for Jewish citizens who will do the translations, develop the grassroots structure of volunteers, and sensible public relations distribution costs.
