

Casper Is Pro Life

LOVE THEM BOTH

Casper Area Pro Life Community Newsletter Vol 1 Sept. 2023

Welcome to our first Casper Area Pro Life newsletter. We are honored and humbled by your support for the cause of life. Your participation, whether it is praying, speaking with your neighbors, advocating for the moms and babies, or talking with our elected officials, it all has an impact. Thank you. Our goal is to make our community a pro life paradise in the middle of Wyoming once again.

Resolutions Presented to Natrona County Commissioners and Casper City Council

Thank you to the more than 300 citizens who supported our resolution draft asking our local government officials to condemn the establishment of an abortion business in our community. We had over 70 local residents attend our presentations we made to our elected officials and more than a dozen supporters spoke at these meetings.

Resolutions Cont'd

Unfortunately, neither the Commissioners or the Council moved forward on our call to act. However, we were able to highlight that babies are being killed in our community. So, we know more people are aware of this public health hazard and support the cause for life.

Wellspring update

Wellspring is a Washington, D.C. based company that specifically chose us for their abortion business. They opened in April and we estimate that they have already killed more than 150 babies since then.

We have been trying to get the Wyoming Department of Health to inspect this facility and have disagreed with the determination made that this is a physician office and not a surgical center. Wellspring advertises that they do abortions up to 23.6 weeks after conception.

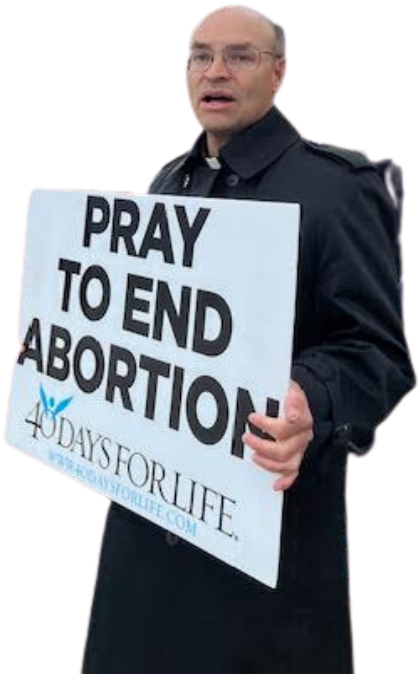

Pastor's Luncheon, August 29th

True Care Women's Resource Center hosted an event that updated our local religious leaders on how they and their congregants can participate in pro-life activity in our community and learned all about the wonderful services that True Care offers women and their families.

Court Case Update

We are so thankful that our state legislators enacted the "Life is a Human Right Act" and the "Prohibiting Chemical Abortion Act." Despite overwhelming support, Judge Owens in Jackson, Wyoming put a temporary restraining order on the laws enacted. This means there are currently no restrictions on abortions in Wyoming; a fact that many people would not know thinking that the overturning of Roe v Wade by the U.S. Supreme Court somehow stopped abortions. The Supreme Court decision simply ruled that there is no right to abortion in the U.S. Constitution and the states have the right to decide this issue. We will continue to pray for a positive result when our Wyoming laws come before the Wyoming Supreme Court for a final decision next year.

40 Days for Life Fall Campaign

40 Days for Life is an organization that has saved over 20,000 babies through prayer and sidewalk advocacy. The next campaign starts on September 27th and runs until November 4th. We will be praying in front of the Wellspring business on 2nd Street between the hours of 8 a.m. and 5 p.m.

We will be holding a kick-off dinner event at **St. Patrick's Church, 400 Country Club Road in Casper on Thursday evening, September 21st.** Please attend.

To sign up to participate, even if it is for one hour per week here is the link:

Natrona County Chapter, Wyoming Right to Life – Your Casper area pro-life team is in the process of becoming a chapter of the Wyoming Right to Life organization. More details will follow.

Sidewalk Advocates Training Sign Up

If you haven't been trained to be a Sidewalk Advocate for Life there are plenty of training opportunities coming up! Your prayerful, peaceful presence is needed in order to effectively offer loving alternatives to those entering the abortion clinic at 918 East Second St. For more information contact: Nicole, 307-439-3343 or sidewalktcc@gmail.com.

Your Leadership Team

A few weeks ago I was asked and accepted the leadership roll of our community. I am honored to do so. When I moved from Pennsylvania to Casper two years ago, I did not know that this was part of G-d's plan. To give you some of my background, here is a link to my pro-life story. Click Here
