**ZO MEDICAL FACIAL PEEL****45 mins****\$130**

**This is one of our personal favorites!** A peel can give you instant gratification as the results can be almost immediate. By stimulating healthy cell growth and exfoliating dead cells, the overall texture and tone of your skin is dramatically improved, allowing for better penetration of your skincare products. You'll love how your skin looks and feels and everyone will notice your healthy new glow!

**DERMAPLANING****1 hour****\$150**

This proven exfoliation technique is designed to gently remove the top layer of dulling and dead skin cells using a delicate scalpel. This procedure leaves your skin feeling silky smooth and improves the overall radiance of your skin by increasing circulation while diminishing the small hairs around the neck and chin. Not only will your skincare products work more effectively by penetrating deeper into the skin, your make up will look flawless on your new, fresh canvas.
