

## Beginner Plan

Whether you've been inspired to start running to take care of your health or to take on a new challenge, this plan is for you. This plan is designed for someone who has never run and is looking to start. The goal of this plan is to be able to run 30 minutes straight after 8 weeks of training. Each week will build upon itself. Keep in mind the plan is based on time, not distance, so don't worry about pace, just focus on getting in the time.
