

SHOWCASE 2021 *in place*

What is IPAY Showcase in Place 2021?

Showcase in Place 2021 is a virtual gathering space where the global community for international performing arts for young people can connect with each other to develop new ways to produce, present, and create performance as our industry changes rapidly around the world. You can register as a Delegate or as part of the Virtual Marketplace for a single month at a time, or for a 3-Pack of SiP programs!

Delegate Registration gives you viewing access to our Virtual Marketplace, 2021 Official Selection, monthly streaming production videos with guest curator picks, Kindling and CultureCrew conversations. All of this is accessed through the Mobile App!

Marketplace Registrants receive all of the above, and their own customizable listing in the Virtual Marketplace. Special Placement is available!
