

ACCE 2016 Annual Meeting ~ Atlanta, Georgia

Brian Perlberg, ConsensusDocs Executive Director & Senior Counsel, spoke at our meeting on the topic of “Better Contracts for Better Results”. He and a team of AGC staff oversaw one of the most significant improvements to the ConsensusDocs standard-contracts program since it was first introduced in 2007. Perlberg discussed how this product provides a better contractual foundation.

ConsensusDocs contracts are developed by a coalition of 40 leading construction organizations that identify and incorporate best practices in standard design and construction contracts. The coalition publishes 100+ contract documents designed to protect the best interests of the project rather than a singular party, yielding better project results and fewer disputes. In so doing, costly risk contingencies are reduced, and time and money are saved. <https://www.consensusdocs.org>
