## Top Rope Lesson (All Facilities)

This two-hour class is highly recommended for those who have prior experience climbing. We will teach your scouts the basic skills required to top-rope climb and belay. They will learn how to put on their harnesses, tie the proper knots and manage the rope belay systems. If we've done our job, they might just catch the climbing bug! This lesson covers Vertical Skills 1 and includes the Vertical Skills 2 Badge Module.

- \$200 for every 8 participants for 2 hours (Regular price is \$45/person)

## [Bouldering Lesson \(All Facilities\)](#)

Bouldering is an excellent setting to learn technique, while working together to solve physical problems on the wall. Our instructors will teach proper bouldering etiquette and fall technique and coach basic climbing movement. Bouldering is also an excellent gateway to climbing in the gym outside of lessons, without requiring a partner. This lesson does require prior climbing experience and is recommended as a second visit after a Top Rope Lesson.

- \$150 for 1-8 participant for 1 hour

## [Rovers Only: Outdoors](#)

Want to bring your troop outside and experience climbing on rock? Let our partner ACMG certified guides, Cloud Nine Guides, show you around one of the great rock-climbing destinations: The Bow Valley. They can assist with fulfilling more advanced badge requirements, such as outdoor lead, multipitch and trad climbing. Multiple lessons may be required to teach advanced skills. Prices and schedule may vary. Please contact for details.
