

Serving Our
Community
One Resident
at a Time!

What is the Livonia Service Corps (LSC)?

LSC is a group of volunteers who have raised their hands to be called on when a resident is in need of assistance due to physical and/or financial situations and are without family or friends who can provide support.

What types of services does LSC provide?

Some examples of requests we receive are emergency-based yard clean-up, snow shoveling, food delivery, minor home repairs, etc.

What is the time commitment for volunteers?

You could be asked to help twice in a week or once in three months! We never know when we will get a call from someone in need.
