## **Networking Training Class**

Renowned Collaborative Networking & Relationship Authority,  
**Raeus Jae Cannon** asks audiences:

- How would your life and business improve if you could **stop** making cold-calls?
- Are you prepared to **steer** more prospects into your funnel?
- What are you doing to **accelerate** and improve existing relationships?
- Would you profit from relationships that **drive** business to your door?

**“When You Network Well -  
You Never Need to Sell!”™**

*I thought networking was about shaking hands with strangers, while scheming how to get them to buy from you. Raeus taught me that networking is all about relationships.*

— Jan Martin, Martin Publishing

**Raeus Jae Cannon** uses everyday traffic signs to **fuel-up** audiences. Turn on the lights as Raeus shows you how to quit making cold calls and **drive** more prospects into your **funnel**.

Raeus' vision is to **clear the highway** of the “dreaded cold-call.” She has not made a cold call since 1998 and she can show your audience how they can easily never make a cold call again, yet build stronger relationships that **drive** higher profitability.

Raeus' is highly energetic and enthusiastic as she asks you to **“Read the Signs”** on the networking **highway**. Will your audience be given **citations** for breaking the laws of networking?

Audiences enjoy being a part of **Drivers Ed** again. They learn common-sense **driving** tips and techniques they can use before they even leave the room and continue to use for years to come.
