GOLF TOURNAMENT

The mission of the Blount County Education Foundation (BCEF) is enhancing excellence in education for the children of the Blount County school system. Since 1990, BCEF has succeeded by delivering needed educational tools to students and teachers in all county schools. Core to the BCEF is the mini-grant program, typically funding more than 30 mini-grants each school year. BCEF is run by an all-volunteer staff with no paid employees. 100% of all proceeds from this tournament go directly to BCEF, which in turn goes directly to the Blount County schools.
