

Leadership Charlotte APPLICATION 2021

A program of the Charlotte County Chamber of Commerce

Health Care Day

The Leadership Charlotte program brings together no more than 25 individuals who are looking to increase their leadership skills and gain a better understanding of the opportunities and challenges in our community. Participants in Leadership Charlotte commit to attend monthly day-long classes, as well as participate in whatever class project they select.

Being a participant in Leadership Charlotte 2019 has been a remarkable experience, not only because of the amazing days spent learning what Charlotte County has to offer, but also the people you get to know. I would say it's a fifty, fifty split with team building and the education you receive. I'm going to walk away from this adventure knowing more, having new friends and giving back to Charlotte County. Thank you Charlotte County Chamber of Commerce.

Owner of Royalty Construction Inc.
Class president 2019, Go RED!

Leadership Charlotte begins with an evening orientation followed by a full day workshop entitled: "Simulated Society," an enlightening experience.

Course requirements for graduation include mandatory attendance at the "Simulated Society" session (Friday, October 16). Attendance is also expected at each of the monthly sessions (generally, the second Thursday of the month), unless one is excused for special circumstances.

The Leadership Charlotte program began in 1988 and now has approximately 800 graduates who, together as alumni, continue to lead many of the community service efforts in Charlotte County. Alumni include bankers, clergy, lawyers, paralegals, accountants, small business owners, educators, realtors, artists, sales managers . . . the list goes on and on.

Monthly day-long sessions focus on environment, government, education, agriculture, arts and humanities, health care, media, local economy, tourism, and justice.

Leadership Charlotte is an amazing experience for those who have lived in Charlotte County a few months or their whole life. I have found it to be extremely rewarding; learning all that our great town has to offer with a "behind the scenes" focus. This perspective will allow me to better contribute to my community with a new perspective and a collaborative attitude. Thank you Charlotte County Chamber of Commerce for providing the opportunity to learn and grow as leaders in our beautiful community!

Environmental Day

Leadership has connected me to this community in ways I would never have guessed. I have learned so much about our great community and resources; discovered many unique and wonderful treasures that call Charlotte County home. We truly live in a dynamic and amazing place! My greatest experience by far has been the people. I have met so many wonderful people in the community, on the bus, at each of our visits, but none as close and wonderful as my classmates. These are bonds of friendships that will last forever. Leadership is truly one of the most impactful experiences of my life. I am so blessed by this incredible opportunity.

Government Day

The Leadership Charlotte program provides an expansive and in-depth view of the various business and governmental sectors of Charlotte County. The program allows members to get out of their normal "bubble" and meet and interact with new service providers and County resources they never knew existed and ultimately become better stewards of this great community.

I joined Leadership Charlotte hoping to build relationships with other professionals in our community and to learn a little about the history of Charlotte County. Well, I have done that and a whole lot more. The time we spent together interacting with each other and working together allowed us to understand each other and become much closer than I expected. I have learned things about Charlotte County that I would have never known without the Leadership Charlotte program. The bottom line is that it is a fantastic program and it is well worth everything you put into it.
