Topic 2, Goals and Objectives

Topic 3, Achievements

Topic 4, We need Your Help and Support

Topic 5, Conclusion

Introduction

Dear Reader/Viewer,

We begin by thanking you for sparing some time to dedicate to this brief five chaptered PowerPoint presentation. We equally invite you to be a helper through your donation, contributing to under served communities somewhere in the world.

Discover in the subsequent paragraphs what we've been able to achieve so far, our challenges/difficulties, and what's left uncompleted. Feel free to contact us directly for any inquiries or concerns after going through the brief presentation.

Thanks for your contribution!

Topic One

Presentation of Farm Mission Global

Farm Mission Global (FMG) is a Non-Governmental Organization (NGO) or a nonprofit based in Cameroon West Africa, founded in 2020 by **Njodzeka Handel supported Elizabeth Theriault**. FMG just like most newly created nonprofits has its own challenges, however these challenges haven't stopped the nonprofit from achieving many of its set goals and objectives.

Farming, Drinking Water, Creating Income Generating Activities, and Education,
Our main AIM is, IMPROVING THE WELLBEING OF THE FEMALE GENDER.

Topic Two

Goals and Objectives of FMG

To achieve its main aim, FMG has been able set comprehensive short and long term goals via its roadmap . These objectives are seen below:

- Take actions against early marriages and improving the education of the girl child by sending her to school and putting in place a scholarship program at their disposal.
- Counter famine, starvation, and improving the hygienic conditions particularly of the girl child by providing her basics and sanitary needs.
- Provision of drinkable water.
- Improving agriculture by providing farming needs as well as education and training of farmers with new farming techniques to improve yields and protect the ozone layer.
- Create solar stations and internet stability to provide electricity and internet connection in most of these communities.
- The creation of a girl's vocational center/school.

Topic Three

Achievements

3.1 Water

The Below Pictures are one of our most recent realizations. FMG, through its various donations has been able to positively impact an entire community that had long lost hope of ever drinking clean filtered water from a flowing tap. We are here in a village called Essanja in the Belabo locality of East Cameroon. When searched out, we were devastated to witness very young children and growing girls travel more than eight miles round-trip to fetch their only option, a toxic muddy state, to be carried and hauled back in bottles or buckets. The 'water', in order to be drinkable or used for cooking has to be boiled under very hot temperatures to kill the germs and other insects.

Essanja Village never knew potable water in its history.

Topic Three

Kids fetching for Drinking Water

Topic Three

Achievements

3.2 Solution

The above images pushed and inspired FMG to provide the entire community and its environs with four modern water boreholes with tap and filters incorporated, in order to resolve the water problem in this entire community. The said project with a minimum lifespan of thirty years will provide water to twenty thousand persons directly and indirectly as recent studies revealed. Sensitivities to the needs of all the people have been met and contracted to assure that the mechanical taps are accessible to youth, pregnant women, elderly, and disabled. Protected and monitored for care and good hygiene.

Topic Three

Achievements-supporting girl rights.

3.3 FMG and DRUMSPEAK

In collaboration with DRUMSPEAK, FMG was able to solve one of countless cases of young girls forcefully sent to illegally arranged marriage as early as 9 yrs old to their abuser who are older than their grandfathers.

The case of AKPEW SERENA ATIMILE was one of the victims of such 'marriages' before we rescued her. This particular phenomenon exists in many parts of the world, however in most cases particular that of Africa and of Serenas case was just as a result of abject poverty and her uncle giving her to marriage just to have a piece of land to farm on. In the same light a young girl of age 16 by name Ngono Michelle was able to find her way back to school after going through burdens so young for her age and stability to support

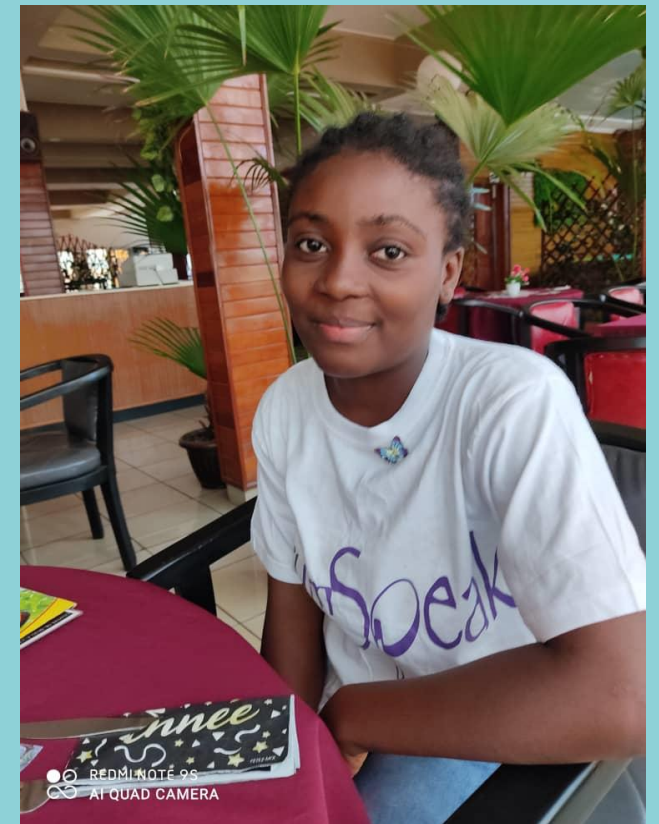

Topic Three- the rescue,

Achievements AKPEW SERENA ATIMILE

Topic Three

Achievements-Creating the change.

Topic Three- changing lives

Achievements

NGONO MICHELLE going back to school after she had lost all hope.

When we discovered her, she was dedicating her life to farming and the sale of pumpkin seeds in the village after surviving extreme abuse in earlier years.

She doesn't regret being the oldest girl of her class as she acknowledges the fact that its never too late to learn!

Topic Three

Summary

Many have fallen in love with our activities and how we've been able to manage the resources available to us. Donations and support of all kinds have helped us to achieve:

- Purchasing a 4-wheel drive vehicle to navigate rugged rural terrains and to transform many lives.
- The region of Belabo has invited us to come and develop their community. We have received, 15 hectares of open farm land, 5 of which are mature raffia palms for women weavers.
- 300 bags of farm products and organic manure.
- 200 bags of corn to feed workers during the project phase.
- The availability of skilled workers
- Fertile soils to cultivate on.

Topic Four- Next level

WE NEED YOUR HELP AND SUPPORT

- 2 more well taps to serve growing community population
- Laying irrigation at Belabo farmland -25 hectares
- Building of temporary cabins for farm workers
- OPERATION BACK TO SCHOOL FOR GIRLS SEPTEMBER 2022
 - Funding of 100 girls at \$100 per year. This includes uniforms, all textbooks with readers, and school supplies.
 - Laying foundation for future education and economic stability of these girls, and more.
- Trading existing 4-wheel drive Toyota RAV4 for a needed truck

Topic Five

CONCLUSION

We thank you for your time and energy and hope you're inspired to help.

We look forward to collaborating with you!

On behalf of the people of Belabo, Cameroon

With Gratitude,

Njodzeka Handel

Elizabeth Theriault
