

Bismarck, N.D. - Senator John Hoeven announced that the Federal Aviation Administration (FAA) has awarded grants totaling \$2,521,708 in funding for airports across the state.

- \$345,511 - **State of North Dakota, International Peace Garden Airport:** Funds to update the airport's master plan for future development and to rehabilitate and maintain runways and taxiways at the airport.
- \$334,972 - **Cooperstown Municipal Airport Authority:** To purchase land allowing the airport to control land use within its runway protection zone.
- \$309,946 - **Crosby Airport Authority:** To build, construct and re-build taxiways.
- \$276,000 - **Mercer County Regional Airport Authority:** To construct a taxiway to access to access aircraft hangars and to replace the airport's segmented circle and wind cone.
- \$215,314 - **Parshall Municipal Airport Authority:** To build an almost 5,000 square foot hanger as well as a hangar apron and to widen the taxiway.
- \$192,307 - **Ellendale Airport:** To build a single pump fuel facility.
- \$168,891 - **Tioga Municipal Airport Authority:** To rehabilitate the runway.
- \$168,891 - **Washburn Municipal Airport:** To help the airport develop a master plan for future development.
- \$112,500 - **City of Mohall, Mohall Airport:** To conduct a study on effects of extending the runway.
- \$100,594 - **Stanley Airport Authority:** To purchase land allowing the airport to control land use within its runway protection zone.
- \$100,000 - **Bowman Municipal Airport Authority:** To build a parallel taxiway eliminating the need for aircraft to back-taxi the runway.
- \$86,701 - **Mandan Airport Authority:** To help protect aircraft flying into and out of the airport from wildlife hazards.
- \$82,581 - **Jamestown Airport Authority:** To help rehabilitate and maintain runways and taxiways at the airport.
- \$31,500 - **Kenmare Municipal Airport Authority:** To improve the access road to the
