

Employment and wages by industry are compiled using results from quarterly unemployment insurance contribution reports and disseminated through the Quarterly Census of Employment and Wages (QCEW) program—a near-census count of all the state's employers and jobs and considered the most accurate source for detailed employment and wage information by industry for the state, its regions and counties. Employers report the number of employees they have on their payroll for each month of a quarter along with total quarterly wage compensation. Annual results are then calculated by averaging employment and wage data from the four quarters of a calendar year. **This report references calendar year 2016 data.**

DATA COVERAGE

As you use this report, keep in mind that the data are limited to those workers who are covered by either state or federal unemployment insurance laws. North Dakota law requires that all workers in the private sector be provided with this coverage by the employer if the employer employs one or more workers 20 weeks or more in a calendar year or pays \$1,500 or more in payroll in any calendar quarter. State law also requires that all state and local government workers be provided with this coverage. In addition, agricultural workers are covered if the employer employs 10 or more workers for 20 weeks or more in a calendar year or pays \$20,000 or more in quarterly payroll. Households with domestic help must provide coverage for their workers if the employer has a payroll that reaches or exceeds \$1,000 per quarter. The majority of the domestic help employed in North Dakota involves the care of the employer or other family members, either the aged or children, in the home.

There are a few select groups that are exempt from this coverage. They include:

- Self-employed (farm and nonfarm sectors);
- Individuals working for religious organizations;
- Students working for the college they attend;
- Individuals employed in church-related elementary and secondary schools; and
- Individuals working for railroads.

DATA DEFINITIONS

- **Business Establishments** are a unique count of business establishments or worksites for a calendar year.
- **Average Annual Employment** is total employment divided by 12 months.
- **Total Annual Wages** are the summation of all wages paid during a calendar year.
- **Average Weekly Wage** is calculated by dividing the average annual wage by 52 weeks (the standard number of weeks in a year).
- **Average Annual Wage** is calculated by dividing total annual wages by average annual employment.

DATA LIMITATIONS AND INTERPRETATION

- In this report, wages not only include base pay but also any bonuses, overtime, and commissions paid to an employee. This may have an influence on averages for certain industries and/or geographies with higher proportions of jobs with earnings beyond base pay.
- Employment includes both full-time and part-time workers so those industries with higher rates of part-time employment will produce comparatively lower wages. The number of hours worked is not taken into consideration when calculating average wages.
- An employer can be represented more than once in a geographic area, depending on the number

of business establishments, or worksites, the employer has in a specified area. For example, an employer with an establishment in all 53 North Dakota counties is counted 53 times in this report.

- Occasionally, the county designation of an establishment cannot be determined and is coded as “unclassified.” While these establishments may not have a county designation, they are industry coded and included in the statewide detail. Unclassified establishments are the reason the region and county totals may not add up to the statewide total.
- All public sector employment is located in the **Government** sector. This includes employment for public school teachers, federal postal service workers, state and local protective service workers, and any other worker employed by a federal, state, or local government entity.
- Native American designated entities (based primarily on tribal reservations) including manufacturers, casinos, tribal government, etc. are located in the **Local Government** sector.
- Asterisks (*** indicate data have been suppressed due to confidentiality restrictions. Data cannot be displayed if the number of employers in an industry's published geographic area are less than three, or if one employer comprises 80 percent or more of an industry's total employment. Suppressed data are included in any aggregate totals.
- As in most statistical reports, rounding may affect additivity.

NAICS CODE STRUCTURE

All industry data are based on the North American Industry Classification System (NAICS). NAICS is an industry classification system that groups establishments into industries based on the similarity of their production processes. The initial NAICS structure was released in 1997 replacing the Standard Industrial Classification (SIC) system. The first set of NAICS data was published in 2000. The Labor Market Information Center reconstructed the time series back to 1990 using historical micro data and a SIC to NAICS crosswalk. The NAICS is revised every five years to account for rapidly changing economies. Revisions for 2002 and 2007 were implemented in their respective calendar years while the 2012 revision was implemented in 2011. Time series continuity will be maintained to the extent possible, but users should be aware that NAICS revisions could impact the employment and wage time series. The time series is not reconstructed after a revision. The 20 NAICS sectors, their two-digit codes and the distinguishing activities of each are defined below:

11 AGRICULTURE, FORESTRY, FISHING AND HUNTING

Growing crops, raising animals, harvesting timber, harvesting fish and other animals from farms, ranches, or the animals' natural habitats.

21 MINING, QUARRYING, AND OIL AND GAS EXTRACTION

Extracting naturally occurring mineral solids, such as coal and ore; liquid minerals, such as crude petroleum; and gases, such as natural gas; and beneficiating (e.g. crushing, screening, washing and flotation) and other preparation at the mine site, or as part of mining activity.

22 UTILITIES

Generating, transmitting and/or distributing electricity, gas, steam and water; and removing sewage through a permanent infrastructure of lines, mains and pipes.

23 CONSTRUCTION

Erecting buildings and other structures (including additions); heavy construction other than buildings; and alterations, reconstruction, installation, maintenance and repairs.

31-33 MANUFACTURING

Mechanical, physical, or chemical transformation of material, substances, or components into new products.

42 WHOLESALE TRADE

Selling or arranging for the purchase or sale of goods for resale; capital or durable nonconsumer goods; and

raw and intermediate materials and supplies used in production; and providing services incidental to the sale of the merchandise.

44-45 RETAIL TRADE

Retailing merchandise, generally in small quantities, to the general public; and providing services incidental to the sale of the merchandise.

48-49 TRANSPORTATION AND WAREHOUSING

Providing transportation of passengers and cargo; warehousing and storing goods; scenic and sightseeing transportation; and supporting these activities.

51 INFORMATION

Distributing information and cultural products; providing the means to transmit or distribute these products as data or communications; and processing data.

52 FINANCE AND INSURANCE

Creating, liquidating, or changing ownership of financial assets (financial transactions); and/or facilitating financial transactions.

53 REAL ESTATE AND RENTAL AND LEASING

Renting, leasing, or otherwise allowing the use of tangible or intangible assets (except copyrighted works); and providing related services.

54 PROFESSIONAL AND TECHNICAL SERVICES

Performing professional and technical services for the operations of other organizations.

55 MANAGEMENT OF COMPANIES AND ENTERPRISES

Holding of securities or companies and enterprises for the purpose of owning controlling interest or influencing their management decision; or administering, overseeing and managing other establishments of the same company or enterprise and normally undertaking the strategic or organizational planning and decision-making of the company or enterprise.

56 ADMINISTRATIVE AND WASTE SERVICES

Performing routine support activities for the day-to-day operations of other organizations.

61 EDUCATIONAL SERVICES

Providing instruction and training in a wide variety of subjects.

62 HEALTH CARE AND SOCIAL ASSISTANCE

Providing health care and social assistance for individuals.

71 ARTS, ENTERTAINMENT AND RECREATION

Operating or providing services to meet varied cultural, entertainment and recreational interests of their patrons.

72 ACCOMMODATION AND FOOD SERVICES

Providing customers with lodging; and/or preparing meals, snacks and beverages for immediate consumption.

81 OTHER SERVICES (EXCEPT PUBLIC ADMINISTRATION)

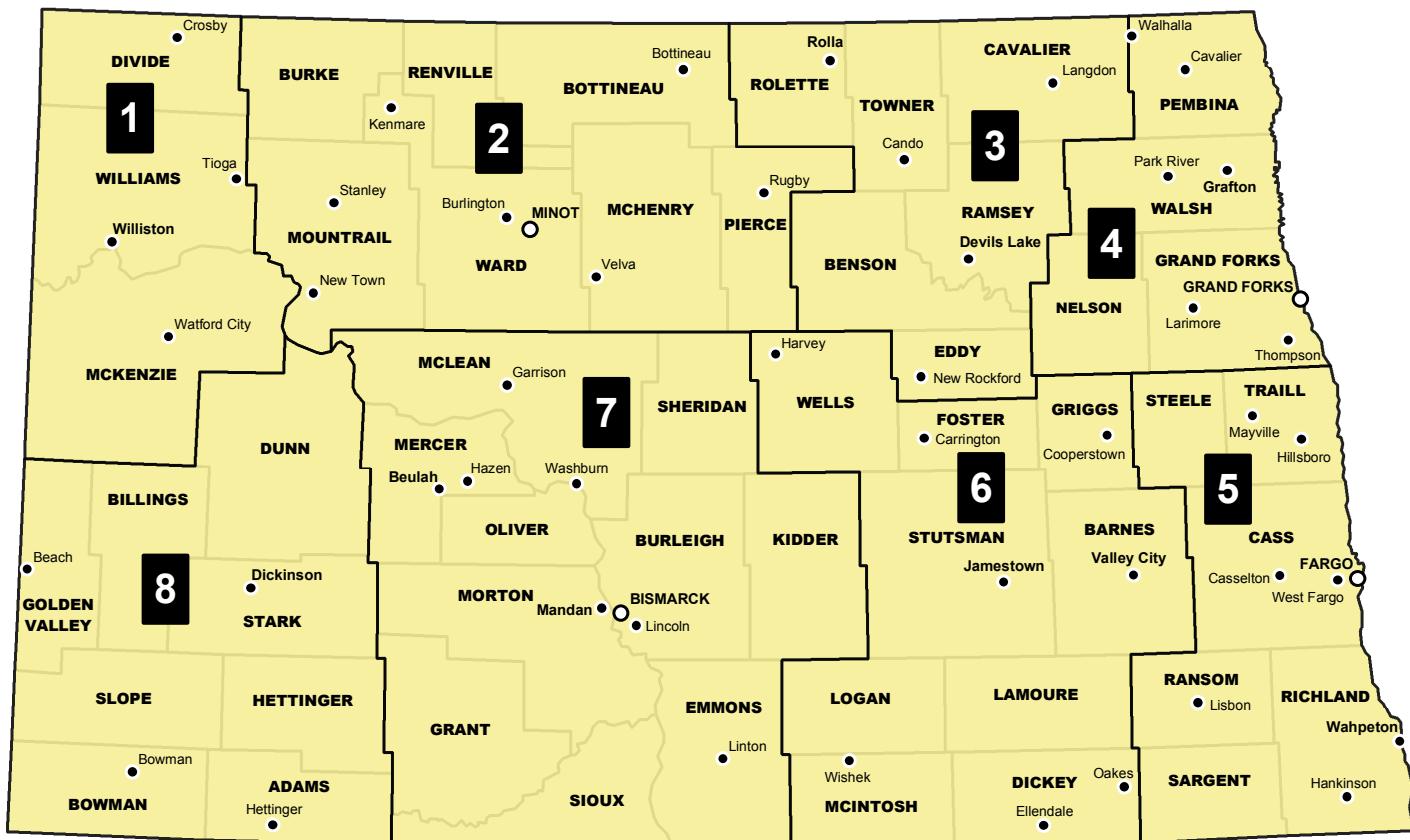

Providing services not elsewhere specified, including repairs, religious activities, grant making, advocacy, laundry, personal care, death care and other personal services.

92 PUBLIC ADMINISTRATION

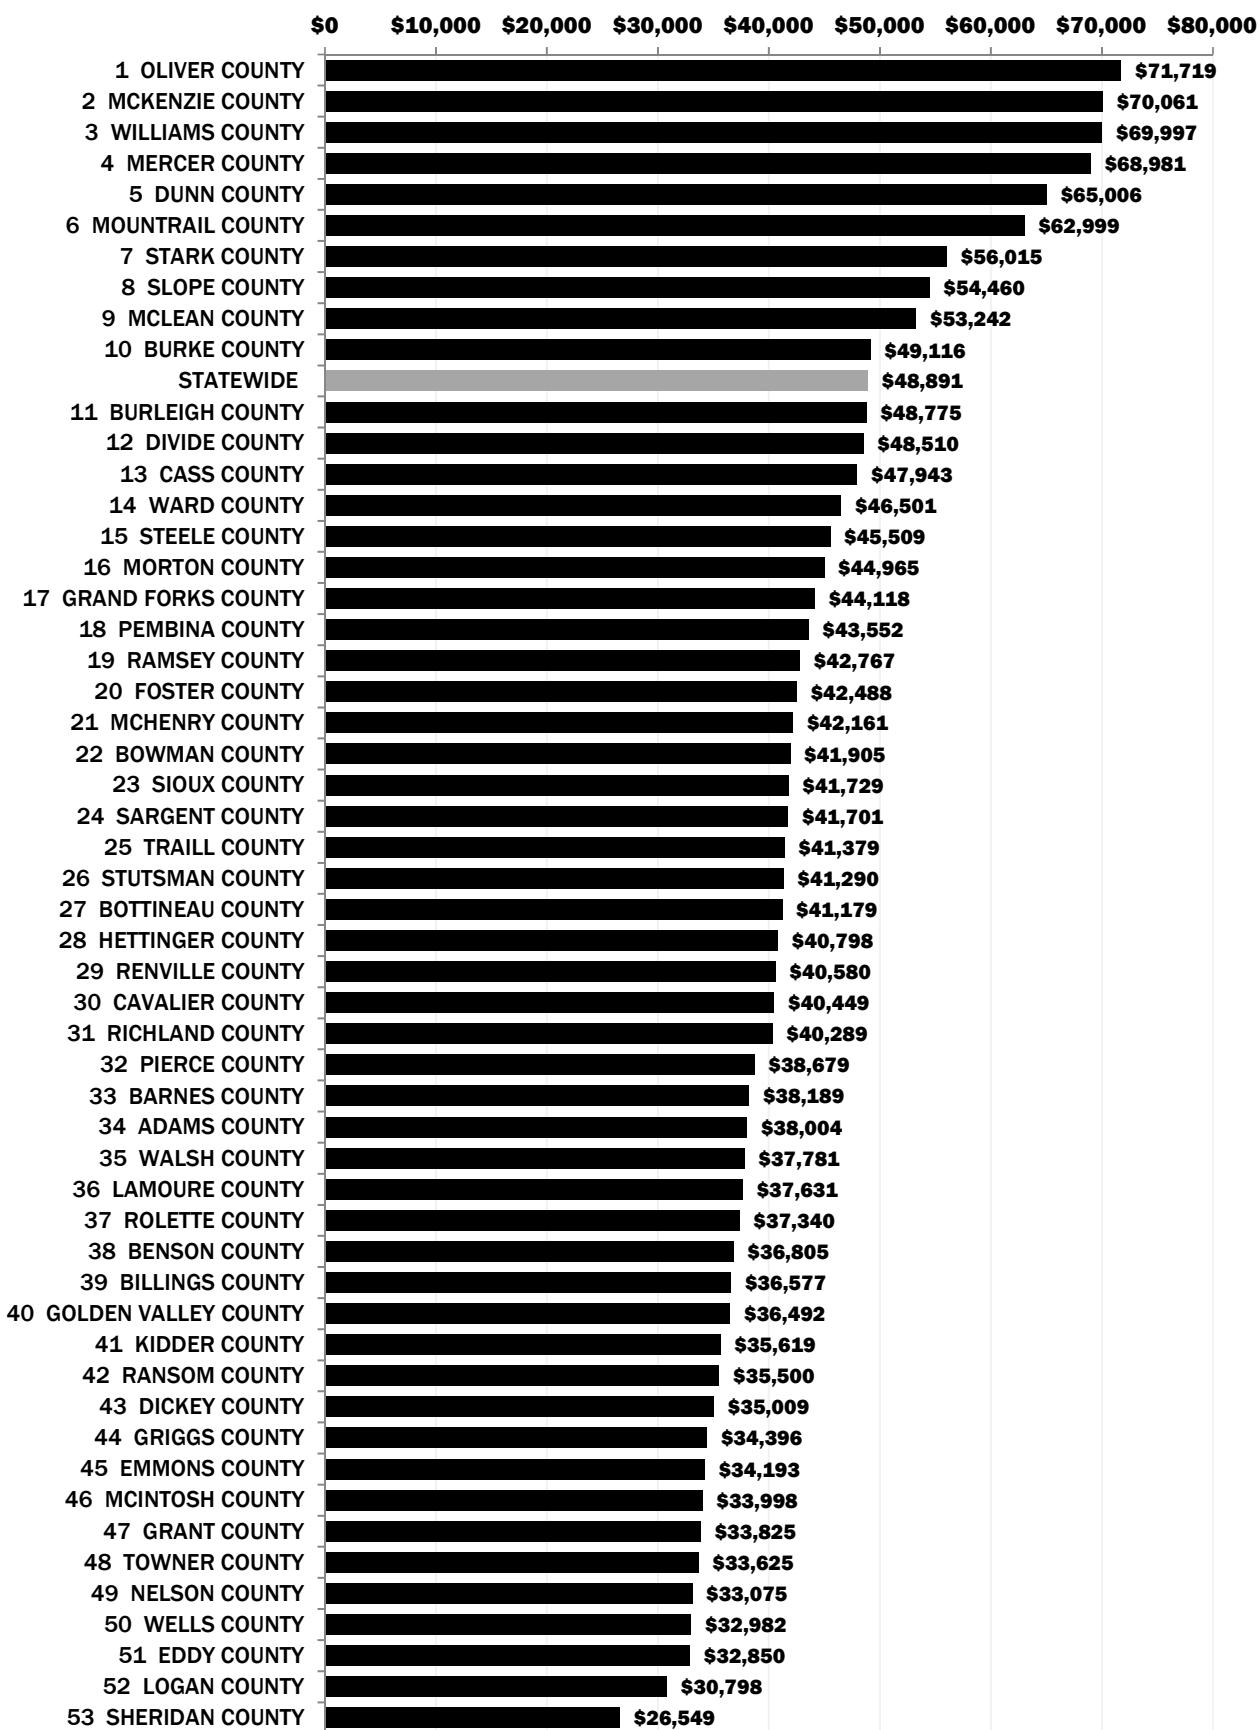

Administering, managing and overseeing public programs by federal, state and local governments

GEOGRAPHIC COVERAGE

QCEW data are produced for 62 geographic areas: North Dakota (state-level), 8 planning regions, and 53 counties.
