

The National Task Group on Intellectual Disabilities and Dementia Practices is pleased to announce:

Free Webinar!

CAPTURING OBSERVATIONS OF CHANGE USING THE NTG'S EARLY DETECTION SCREEN FOR DEMENTIA (NTG-EDSD)

Monday, November 17, 2025

7:00 - 8 pm ET via Zoom (6 pm CT/5 pm MT/4 pm PT)

REGISTER TODAY

Discover how the NTG-Early Detection Screen for Dementia (NTG-EDSD) can help you recognize early signs of dementia in adults with intellectual disabilities or Down syndrome. Through real-life case examples, you'll learn how to turn observations into action—supporting better advocacy, stronger care plans, and more informed team decisions. Join us and gain the tools to make a real difference!

Webinar Faculty:

Lucille Esralew, Ph.D., NADD-C, a clinical neuropsychologist and specialist in the geriatric neuropathological conditions of adults with intellectual and developmental disabilities, and the Head of Psychology for the California Department of Developmental Services. Dr. Esralew led the NTG team that created the NTG-Early Detection Screen for Dementia (NTG-EDSD).

This NTG webinar is supported in part by the Special Olympics Systems Change for Inclusive Health Subgrant, funded by the Centers for Disease Control and Prevention. The contents of this webinar is solely the responsibility of the NTG and do not necessarily represent the official views of the Centers for Disease Control and Prevention or the Department of Health and Human Services.
