

Registration Basics

Know your plan	<p>Go to: www.skhs.queensu.ca go to Students</p> <p>Select: HLTH or KIN</p> <p>Select: Plan Requirements</p> <p>Select: Degree Audit Forms</p>
Understand your plan	<p>All degrees are made up of two sets of degree requirements.</p> <ol style="list-style-type: none"> 1. Plan requirements 2. Elective requirements. <p><u>Plan requirements</u> include:</p> <ol style="list-style-type: none"> 1. Core courses – that you must take. 2. Option courses – from which you get to choose. <p><u>Elective requirements</u> include:</p> <ol style="list-style-type: none"> 1. Arts and Science courses in any subject at any level. 2. KIN plans also include Natural and Physical Science courses which have level requirements. The Natural & Physical Sciences website outlines which courses are allowed in this category.
Read the notes	<p>The Degree Audit Forms have important notes that answer common questions.</p>
Assess your progress	<p>Fill out your Degree Audit Form.</p> <ul style="list-style-type: none"> ➤ Put grade achieved beside courses that are completed. ➤ On second page, make a note of the total units that you have completed at the end of the last term.
Plan for the next year	<p>Review the <u>plan requirements</u>.</p> <ul style="list-style-type: none"> ➤ Know which core courses you need to take next (see YR beside the course on the Degree Audit Form). ➤ Choose your preferred option courses. <p>Review your <u>elective requirements</u>.</p> <ul style="list-style-type: none"> ➤ Know how many electives you should be taking next.
Know what is offered	<p>Go to: SKHS Draft Timetable found on the SKHS Registration website</p> <p>Review the following information on a course-by-course basis:</p> <ul style="list-style-type: none"> • Professor and term offered. • <u>Prerequisites</u>: course which must be taken before you can register into it. • <u>Exclusions</u>: course(s) which you cannot take for credit if you also take this course. • <u>Corequisites</u>: course(s) which must be taken either before or at the same time as this course. • <u>Leads to</u>: this course will be required as a prerequisite in order to take other courses.
Know the course restrictions	<p>The SKHS Draft Timetable lists the following information on a course-by-course basis.</p> <ul style="list-style-type: none"> • <u>Enrolment limit</u>: class size can be limited by multiple factors, e.g. classroom size, T.A. support, etc. • SOLUS can allocate the number of seats for students in different plans and/or year in program, e.g. 160 seats are reserved for KIN students in HLTH 101 and the remaining 490 seats are reserved for first-year students.

(you won't be able to enrol in a course if you don't meet the plan restrictions)	<p>Some courses are restricted to students in specific degree plans and/or level in program.</p> <ul style="list-style-type: none"> • Open Enrolment: some classes are restricted until Open Enrolment which means certain students are waiting for seats, e.g. HLTH 101 for upper-year students. • Timed Enrolment: some classes have unique registration pressures so access is "rolled out". Ex. <ul style="list-style-type: none"> ○ HLTH 230 is restricted to second-year HLTH, KIN and PHE students until after the last appointment time for YR2 students.
Have a registration strategy	<ul style="list-style-type: none"> • Start with your <u>core courses</u> and list by Fall or Winter Term. • Next, select your preferred <u>option courses</u> and list by Fall or Winter Term. • Finally, select the <u>elective courses</u> that you'd like to take by Fall or Winter Term. <p>Did you?</p> <ul style="list-style-type: none"> ➤ Include all required core courses? ➤ Plan ahead to the following year's option/elective courses to ensure you're taking the prerequisites this year? ➤ Remember that although all <i>Courses of Instruction</i> are listed in the Arts and Science Calendar, but only those courses that are offered in 2021-22 will be on SOLUS when the final Timetable is posted. ➤ Know that all courses have course/plan restrictions? Check with the appropriate department for further information if you need more information.

Registering for courses (Program specific):

Do not attempt to register in courses that you have already been registered in. Please check your registration panel before adding courses into your shopping cart.

- When you register, SOLUS will delete any course that was preloaded (see below) if it is also in your shopping cart. e.g. If KNPE 125 is in your shopping cart and you are in first-year KIN, SOLUS will delete it from your registration and attempt to add you again. If seats are no longer available in the course, you will not be registered.
- As courses have waiting lists, losing a seat in a course may mean another student will automatically be added by SOLUS and you may not get back in.

KIN YR1	<p>When you have your appointment time, you will notice you are preloaded in the following courses.</p> <ul style="list-style-type: none"> ➤ <u>Core courses:</u> HLTH 101, KNPE 125, KNPE 153, KNPE 167, PSYC 100 ➤ <u>Elective courses:</u> BIOL 102, BIOL 103 <ul style="list-style-type: none"> ○ The majority of KIN students take BIOL 102 and 103 which have labs. To ensure that you get a conflict-free time, these two courses are preloaded. You do not have to take them, it is OK to drop them and add other electives.
