You provide the kid; We provide the horse. (Now, that is teamwork.)

Sometimes team sports involve both 2-legged and 4-legged athletes. Yes, the Interscholastic Equestrian Association (IEA) has student athletes in grades 4-12 who ride Dressage (and Hunt Seat and Western) in a draw-based competition format.

Nearly 14,000 of them on 1,550 teams in 46 states.

Give your rider a leg up without having to own a horse.
