## Florida's Voluntary Pre-Kindergarten Program

**The Voluntary Pre-kindergarten (VPK) program prepares children ages 4 and 5 in Florida for kindergarten and educational success!**

- There are no income requirements
- You choose the program best suited for your child
- High-quality early learning centers have availability

**Does your family need help paying for child care?  
Funding is now available for the School Readiness Program!**

Families with low incomes in Florida who are trying to work or get training to work may be eligible for school readiness help. The School Readiness Program offers financial assistance to low-income families for early child education and care so families can become financially self-sufficient and their young children can be successful in school in the future.
