Guest Speakers & Presenters

Ray E. Johnson

FBI Assistant Special Agent in Charge

Wednesday, March 16, at Noon in the Conference Center Brasilia 6

Assistant Special Agent in Charge (ASAC) Johnson was born in Ohio where he attended both The Ohio State University undergraduate and graduate schools, as well as Capital University Law School. For the nearly ten years before his bureau career, ASAC Johnson served as a police officer with the City of Worthington, Ohio as well as The Ohio State University Police departments. Along with his police experience, he ran the Johnson Law Office, a practice dedicated to representing law enforcement personnel and their families in civil and domestic situations.

ASAC Johnson entered on duty in 2004, working violent crimes, violent gangs, and supporting all programs as the Associate Division Counsel for nearly 11 years in the Atlanta field office. During his tenure in Atlanta, he served as the A/SSA over the violent gang and violent crime squads and serving as the A/Chief Division Counsel both in the Atlanta and Springfield divisions as well as a member of the Chief Division Counsel Advisory Committee working on significant policy and operational updates for all FBI operations, including the DIOG rollout. He collaborated extensively with domestic and international partners, receiving multiple awards for his investigations and administrative support of all bureau programs.

In September 2014, he was selected as an Assistant Inspector/Team Leader in the Inspection Division, leading comprehensive assessments of field office operations, national program analyses, and shooting incident reviews.

Following his term in the Inspection Division in October 2015, ASAC Johnson became the SSA over the Violent Crime Task Force in the Detroit field Office as well as the program coordinator for violent incident crimes throughout Michigan. He collaborated with multiple partner agencies throughout the state promoting inclusive government approaches to address the expansive violent criminal threats throughout the region.

He is currently serving as the ASAC in the Las Vegas field office leading the Criminal, Administrative, and Critical Incident Response Programs.

Gregory Boyle

Founder and Executive Director of Homeboy Industries

Thursday, March 17, at 11am in the Conference Center Brasilia 5

Q&A Session at 2:00 pm in the Conference Center Brasilia 5

Founder and Executive Director of Homeboy Industries, the largest gang intervention, rehabilitation, and re-entry program in the world.

A Jesuit priest, from 1986 to 1992 Father Boyle served as pastor of Dolores Mission Church, then the poorest Catholic parish in Los Angeles that also had the highest concentration of gang activity in the city. Father Boyle witnessed the devastating impact of gang violence on his community during the so-called “decade of death” that began in the late 1980s and peaked at 1,000 gang-related killings in 1992.

Father Boyle and parish and community members decided to take a radical approach at the time - treat gang members as human beings – instead of supporting criminal justice policies of suppression and mass incarceration as the means to end gang violence. In 1988 they started what would eventually become Homeboy Industries, which employs and trains former gang members in a range of social enterprises, as well as provides critical services to thousands of men and women who walk through its doors every year seeking a better life.

West Chester University

Nu Beta Chapter

West Chester University Police Department would like to thank the students of NAMI (National Alliance on Mental Illness) and the Nu Beta Chapter of Alpha Phi Sigma (Criminal Justice Honor Society) for providing lunch to our police officers this past Friday! It was greatly appreciated!

The students of West Chester University and members of the Alpha Phi Sigma chapter successfully led a Thanksgiving Food/Goods Drive last November to benefit The Ronald McDonald House of Delaware. I have attached our poster, which details the items we had specifically requested from our campus community. The photo is of the generous donations we received and our Vice President/Interim President, Kelly Allen, arriving to the RMD house to make the donation!

The Ronald McDonald House is an amazing organization that assists families with children being treated at area hospitals. Their Delaware location is closest to West Chester University.

Curry College

Lambda Alpha Chapter

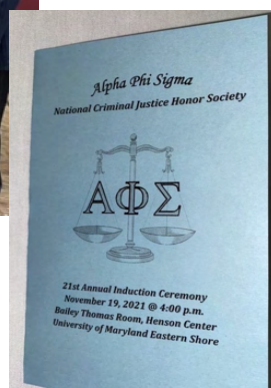

Last November, the Curry College Criminal Justice Honors Society, Lambda Alpha organized a drive to collect household and personal items for the Sojourner House in Providence, RI. The Sojourner House provides help to women impacted by domestic violence and human trafficking, helping them to find safe housing. The CJ Honors Executive Board, working with the Student Activities Office, made the donation drive competitive for athletic teams. In addition to individual donations, the undergraduate Domestic Violence class also supported the drive and contributed many items. On Monday, November 15, students delivered a stuffed carload—estimated at well over \$1,000 worth of household items, food, new clothes, feminine products, toiletries, and other necessities. Vice President Felicity Monfils initially made contact with the organization a few months ago commented, "I was able to make personal connections with a few of the employees at the Sojourner House. This is why I decided to bring up this drive to the e-board.. The Sojourner House does so much for women and their families. It was amazing see the Curry Community come together and make it successful." President Cassidee McDonnell noted, "This was such an amazing opportunity to head up so close to Thanksgiving. It was so fulfilling to know we're going to be making a difference in multiple people's lives and families. I really hope this kind of drive and activity can become tradition here at Curry College"

Alumni Around the World

The many facets of Golden Alumni, William “Bill” Edward Nay

Please join us in congratulating Bill Nay on 40 years of Alpha Phi Sigma membership. Bill is one of the longest serving members continuing to serve Alpha Phi Sigma and uphold the ideals of Leadership, Service, and Unity. We could spend hours discussing all his accomplishments, not only with Alpha Phi Sigma, but throughout a life of service.

Alpha Phi Sigma is proud and very lucky to have someone of his caliber work with Headquarters and the Board on Alumni matters and Military events. This year, Alpha Phi Sigma’s 80th anniversary is a great time to recognize Bill for all his accomplishments and his 40 years of service to APS.

Known also as “Father NAYture” he advocates for the environment and works with the next generation to teach students about conservation of our beautiful planet. He served our country in the Vietnam War, and to this day continues to serve our country as a veteran. His story is one of determination and focus, and we thought the best way to honor him is to have all our members get to know Bill. Here is his story.

William Edward Nay barely graduated from high school in 1967 and had no idea about what he wanted to do in life. He had not applied himself in school and college was not in the picture. His home life was not the best and he just wanted to get away, so he joined the United States Marine Corps. He did a tour of duty in Viet Nam with the 3rd Marine Division in Northern I Corps (Quang Tri) and returned to Camp Pendleton, California where he met Karen Latocki. He still did not know what he wanted to do with his life, but Karen encouraged him to go back to school. At the time he was assigned duties as Cpl-of-the-Guard, so he decided to take classes in Police Science at the local community college. It took him 5 years of night classes to get his AA degree but he finally graduated with Honors.

By graduation he had served his country for 10 years. He was then a Criminal Investigator in the Criminal Investigation Division (CID). He had been involved in a number of major criminal cases including rapes, robberies, homicides, and the movement for a democratic military. He was a good criminal investigator and was even selected as the “Cop of the Year”. Up to this point, his outstanding performance was based on attention to detail and “following the book”.

Then came a series of events that changed his life. The civilian investigator who was assigned to internal affairs died and Bill was given his case load.

He now had to investigate fellow military policemen who had abused their authority. He was also involved with a major case involving a local chapter of the Klu Klux Klan. This was followed by an assignment to investigate incidents at the Viet Nam Refugee center located at Camp Pendleton. His simple world of burglaries and robberies was shattered with the complexity and diversity of civil rights. It was clear to him that if he was going to make criminal justice his career, he would have to go back to school full time. The timing could not have been any better.

After 10 years in the Marine Corps he had to make a decision to either reenlist or leave the Corps and go back to school full time. He decided to go back to school. In 1977 Bill decided to apply to San Jose State University (SJSU) where his sister had studied. By this time Bill and Karen were married and had two children. They moved to Livermore and Bill took a job in security at the Lawrence Livermore Laboratory to augment the money he was getting from the GI Bill.

Bill was so engrossed at SJSU he stayed for over a decade and completed both a Bachelor’s and Masters degree. During this time he was encouraged to salvage his military career by joining the reserves. There were no USMC units nearby so he joined the United States Army Reserve. He was assigned to the 6237th USARF School. He taught basic and advanced NCO course and Primary Leadership Development.

He became a master Instructor and shared his teaching styles with the school staff. His exceptional instructions earned him Instructor of the Year, an Army Commendation Medal, and two Army Achievement Medals.

In 1988, upon graduation, Bill moved to Washington DC to work for the Department of Energy. Bill transferred his USAR duties to the 220th Military Police Brigade. Because of his combined skills in Military Police and Nuclear, Biological and Chemical (NBC) operations he was assigned as the Brigade NBC Operations NCO. After Bill completed 10 years of service in the USAR he combined that with his 10 years of active duty in the USMC and attempted to retire, but stayed because the nation was in critical need of NCB Operations specialist due to the issues around the potential use of biological and chemical weapons in the middle east. Bill was activated as an Individual Mobilization Augmentee (IMA). He was not assigned to the reserve component. He was assigned to support the active component and his duties were primarily in conducting training for soldiers in NBC Operations. He was also activated to be an evaluator for units conducting field training exercise in a NBC environment. The majority of this duty was through the Chemical Division of the Third Mechanized Infantry Division. After a decade of preparing soldiers for combat operations in a NBC environment it was time for Bill to retire.

Continued next page

Bill retired in 2001 with combined service of 30 years. (10 years active duty USMC and 20 years USAR)

In 2001 Bill moved to Petaluma so his wife Karen (an RN)

could care for his father William O. Nay. William O. Nay was a veteran of the Navy in World War II. After his father passed away in 2002, Bill was recalled to his National Security position with the Department of Energy in Washington DC. Karen remained in Petaluma and Bill became "bicoastal". He commuted back and forth to his office in Washington DC until he was able to retire in 2005. The Department of Energy allowed him to operate out of a federal office at the Lawrence Berkeley National Laboratory when he was in the San Francisco Bay Area. The DOE asked him to stay on because of his unique skills in conducting risk assessment at federal research and development laboratories. After "911" the federal government modified the security at all the national laboratories and Bill was the lead on many of these. Bill received many DOE awards and honors for his work.

Bill also mentored students seeking careers in the military and federal government. While at SJSU he had graduated with Honors and had been the President of the Alpha Phi Sigma Iota Chapter (1982). He went on to be the APS Regional Director in 1982-1983. When he returned to Petaluma in 2001 he went back to SJSU and became an Advisor to the Iota Chapter. He mentored many students and in 2003 was named the SJSU Justice Studies Outstanding Alumni.

Bill mentored students from other universities and became a supporter of many of the APS National Programs. In 2010 Bill received the Distinguished Life Member Award by the National Headquarters of APS and served as an APS National Advisor. Bill is currently a mentor with both APS and LINT Center for National Security Studies. (<https://www.lintcenter.org/portfolio-item/william-edward-nay/>)

Bill has been very active in outdoor training for Scouting and the California State Parks. He is known by the youth he serves as "Father Nayture". He is an Outdoor Ethics Advocate and was a Lead instructor for the BSA National Camping Schools for over a Decade. Bill is a Master Trainer in Tread Lightly and a Master Educator in Leave No Trace. He volunteers with the Stewards of the Coast and Redwoods and leads hikes in the Armstrong Redwood State Reserve and the tidepools of the Sonoma Coast. Bill received the California State Park "California Poppy" Award from the Regional Director. In Scouting, Bill has received numerous awards for his work that include the Lifetime Achievement Recognition, the National Distinguished Outdoor Service Award, and the Silver Beaver from the Redwood Empire Council. The Order of the Arrow selected Bill for the Vigil Awards and gave him an honorary name of "Meximus Wemi Awen" which translates "Grandfather To All".

Bill was evaluated by the Veterans Administration for impacts related to his combat service in Vietnam in 1969 and is rated at 70% disabled. Bill is a Life Member of Petaluma "Old Adobe" Post 117 Disabled American Veterans, a Life member in the Petaluma Post of Vietnam Veterans of America, a Life member of Petaluma Post 1929 Veterans of Foreign Wars, a Life member of Sonoma Post 55 American Veterans (AMVETS), a member of Sonoma Chapter 55 AMVETS Riders, a member of Healdsburg Post 111 American Legion, a member of Healdsburg Squadron 111 Sons of the American Legion, the Vice President of Healdsburg Chapter 111 American Legion Riders, Youth Program Chairman of the Redwood Empire Chapter Sons of the American Revolution, and the Chair of the Eagle Scout and Sea Cadet programs for the California Society of the Sons of the American Revolution.

These days, Bill spends much of his time on his Harley Tryke participating in rolling escorts for Veterans usually taking them from their memorial to their last resting place.

Golden Alumni Bill Nay

Golden Alumni Bill Nay was Road Captain for the Escort for the Wreath Across America at the Sonoma Veteran Memorial Cemetery. He read a Proclamation from the Sons of the American Revolution and placed a Wreath at the Memorial to Captain William Smith, the only known Revolutionary Patriot buried west of the Mississippi.

Golden Alumni Bill Nay participates in the Salute to Service flag ceremony at the last San Francisco 49ers game. He received a letter from the 49ers.

The San Francisco 49ers would like to thank you for your participation in our Salute to Service flag ceremony! The ceremony was broadcasted live on national television and we received nothing but great feedback. This would not have been possible without your help and we cannot thank you enough for coming out and supporting the 49ers, especially on a weekday.
