

CPCFRO WINTER/SPRING SEASON REGISTRATION OPENS 12/2/24!!!

CPCFRO Athletics is an organization that operates as a Non-For-Profit program within District 102. The program's goals are to introduce the basic fundamental skills of volleyball and basketball to 5th and 6th graders, get the children excited about playing, and allow for the inclusion of all kids in our district. In addition to the physical skill sets, CPCFRO Athletics promotes good sportsmanship and team building. All the teams within CPCFRO (Congress Park, Cossitt, Forest Road, and Ogden) are coached by parent volunteers and the basketball games are refereed by IHSA referees. While we keep score during the game, we do not keep track of wins/losses - the focus is strictly instructional and for the kids to HAVE FUN!!

Each team will receive a team t-shirt and play 7-9 games (depending on the number of teams and gym availability). The cost to participate is \$45/player (fee waivers are available to those who are eligible). The Winter/Spring season is January-March with 5th and 6th grade girls playing volleyball and 5th and 6th grade boys playing basketball. During the Winter/Spring season, 5th and 6th grade levels are NOT combined-there will be separate 5th and 6th grade teams (dependent on registrations).

Winter registration will open on 12/2/24 and close on 12/13/24. Please see the link below for registration. Coaches are always needed and necessary for the program to continue and succeed, so please consider coaching your child this season!

Our goal is to have the teams finalized by 12/20/24 so we can work on the game schedule over the holidays. Once a team assignment has been made, you will be notified by your coach. They will also inform their team of upcoming practice dates/times that will start the week of 1/13/25. It is our intention to have games begin the week of 1/27/25. Games will be played at Park Jr. High and Congress Park School.

Registration link: <http://www.cpcfroathletics.com/registration>

**** All participants including coaches need to register online via the CPCFRO Athletics League website. ****

Please contact your school representative if you need assistance with registration.
