

38th Annual Tree of Life Lighting Ceremony

Sponsored by Saint Luke's North Hospital Auxiliary

The Tree of Life Fundraiser, established in 1985 by Saint Luke's North Hospital Auxiliary, supports Saint Luke's North Hospital and provides expert and compassionate care to our community. Donations have helped fund a variety of medical equipment and programs, bringing positive change to our Northland community.

Donation envelopes are available in the HR department at Barry Road and at the Information Desk at Smithville. Donations can also be dropped off at both locations. Join us in lighting the Tree of Life in the Northland by donating this holiday season.

You are cordially invited to:
