### **Smithville Chamber of Commerce Recognizes Pack's Hardware and Manager Sheryl Stang**

Smithville, MO—The Smithville Chamber 2023 Community Awards for Business of the Year and Employee of the Year were presented to both Pack's Hardware and store manager Sheryl Stang. Nominees were selected by the community, with winners chosen by the Chamber of Commerce.

Pack's Hardware has been a Smithville staple since 1971, and Sheryl has been with the company for 6 years. During that time, she has been an active presence in Smithville, both hosting and taking part in community events and celebrations. She and her team work hard to not just meet but exceed the expectations of their customers. Visitors to Pack's know that they will always be greeted with a warm welcome, expert advice and a hot cup of coffee.

About the wins, Sheryl says simply, "we couldn't do it without the love and support of our customers."

Pack's Hardware is owned by Rusty Gerken and his family. They operate 21 hardware stores and 11 equipment rental locations across Kansas and Missouri.
