

United Way  
of Hernando

# 2024 Business Blitz Challenge

For the month of June, **United Way of Hernando County** and their Community Challengers at **Spring Hill MRI**, challenged Hernando businesses to join their efforts in mobilizing resources for local unmet needs by "*Accepting the Challenge*". Thanks to the generous contributions from local businesses, United Way surpassed their goal, including a **\$5,000 match from Challengers at Spring Hill MRI, with a total raised of \$12,250!**

Accepting the Challenge is so much more than a donation. These businesses know what it takes to prosper and want every individual and family to have access to the care and resources they need.

When you are in need of a local service and in search of a reliable company, consider referring to United Way's **Preferred Partners** list. Preferred Partners recognize the value in giving to United Way and know that their donation will be hard at work, helping make a difference through **Health, Education, Financial Stability, & Basic Needs/Crisis Prevention services** in Hernando County.
