

# ANNOUNCEMENTS

Dear Church Family,

How can we begin to tell you our church family how much we love and appreciate you!? We thank you from the depths of our hearts for helping us get back home in the most efficient way by medical transport via Medlink. We left Florida on Monday and we were home by noon yesterday. Wow!! You made that trip possible by your loving gifts. Then we came home to one of our downstairs room emptied of our furniture and filled with a hospital bed and equipment for Karl. It was unbelievable.

We also want to tell you how much your cards, emails, and texts meant to us and most of all your prayers and good wishes. When we went to Florida Karl was walking and talking and having a good time socializing. Then in January he decided he was well enough to ride his bike and that's when he fell and broke his hip. From then on he had medical complications and set-backs which prevented him from successful rehab. He has been going downhill and it has been determined he has advanced Parkinson's. Part of the time he will be home with Hospice coming in for extra help, but on Thursday he will be going to Lakes of Monclova for five days of Respite Care. That will give us time to see if I can take care of him at home or if he will need extended care.
