About RES CON 2023

RES CON (Residential Construction Forum) 2023 is the Annual Conference, Builders' Forum, Trade Show, and Annual Gala Awards Banquet of the Canadian Home Builders' Association New Brunswick.

RES CON brings industry professionals together to discuss trends, provides valuable and pertinent information on issues relevant to our business, and provides valuable networking opportunities for all participants.

This year's two-day Trade Show and Builders' Forum features renowned presenters who are experts in their field on topics such as high-performance home construction and wall assemblies, integrated project design, carbon emissions calculations, costing tool, and other speakers whose presentations will focus on energy efficiency and environmental sustainability.

Our participants come from many sectors of the industry and include builders, renovators, developers, engineers, building supply dealers, building officials, energy advisors, HVAC installers and suppliers, and other industry professionals. If you work in the residential construction industry and want to increase your client list and build relationships with new clients, this Conference is a great opportunity for you to do just that!
