

2026 High School and College Graduates From Our St. Nicholas Parish

Jake DiOrio

Hello everyone, my name is Jake DiOrio. You may remember me from serving on the altar and possibly from hauling garbage at our last festival! I'm graduating from Belmont High School this month, and I plan to attend Clark University in Worcester, MA in the fall. At Clark, I will study Business and will play for the men's soccer team. As I graduate, I wish to thank the St. Nicholas community for all the opportunities and guidance over the years!

Constantine Parsenios

Constantine graduated from Lexington High School. He will be going to Bridgewater State University in the fall of 2026. He has been an altar server and GOYA member at St. Nicholas.

Evangeline (Evie) Proakis

Evangeline “Evie” Proakis graduated from Melrose High School this spring. She will be attending Wentworth Institute of Technology in the fall, studying Architecture. At Melrose High she was a cheerleader, played on the softball team, and participated in architecture club. Evie has been a competitive dancer for many years as a part of the Melrose Dance Academy dance team.

Evie has enjoyed participating in the St. Nicholas community, and has been to many GOYA events and

dances. Last summer she participated in the Metropolis Youth Camp. This summer, Evie is looking forward to returning to Greece to spend time with family, visit sites and learn more about Greek architecture and culture.

Xristina Eirini Trivas

Xristina Eirini Trivas has just graduated from Concord-Carlisle Regional High School. She is also St. Nicholas’ GOYA’s current president. Next year she will be attending Brandeis University where she will be studying political science and biology on a pre-med track.

Andrew Sager

I am very thankful to all the amazing people I have met in the Saint Nicholas family. I have enjoyed my time at Saint Nicholas from serving in the altar to playing basketball for the GOYA league and enjoying delicious Greek food at the festivals. I just recently graduated from University of Maine at Farmington with a Bachelors Degree in Outdoor Recreation Business Administration. I am looking forward to pursuing a career in this sector.

Anthony (Andoni) Zervoglos

Anthony (Andoni) Zervoglos has graduated from UMass Amherst with a BS in Environmental Science and a certificate in Geographic Information Science and Technology. During his time at UMass he has been an active member of the OCF, participated in the outdoors club, and has worked at the Mullins Center as part of the breakdown/set up crew for basketball and hockey games. He has spent the past two summers as an intern at Project Mexico. He has accepted a

teaching and live-in faculty position at Landmark School in Beverly and will also be working on earning an EdM in Special Education.
