

IOCC put out a statement this past month that there is a *"tremendous need for hygiene kits and clean-up buckets to replenish the supply at the warehouse"*. Our friends at other neighboring churches have organized the clean-up buckets and we know that our St. Nicholas family can also step up to the plate and assist with the collection and assembly of the other vital package- the **Emergency Hygiene Kits!**

Our awesome GOYA kids will be the ones to spearhead this project and invite our entire St. Nicholas Parish to participate. **OUR GOAL IS TO ASSEMBLE 600 HYGIENE KITS FOR IOCC.**

We have received a wonderful donation commitment from 2 families who will be donating *600 Washcloths, 600 Combs, and 600 Ziploc gallon bags!* What an amazing start!! Below are the remaining items needed to complete this project. We will be putting together a signup sheet that shows how much \$ each item would cost if we bought in bulk. It would be the most cost-effective to have monetary commitments so we can purchase these items at wholesale price. GOYA is spearheading this project but we will be asking for the entire parish to participate!

Our target goal date to assemble these hygiene kits is January 20th. (Maybe sooner if we can get all the funds needed to purchase the items needed). *Spreadsheet is subject to updates and change
