

# HMS MEDscience Summer 2019

A DYNAMIC NEW WAY TO LEARN

HMS MEDscience offers exciting and engaging hands-on experiences for young, passionate minds with an interest in the sciences: biology, medicine, or health care. **No textbooks, no homework!** Your classroom will be an emergency simulation laboratory on the Harvard Medical School campus where you and your teammates learn to treat our animated high-tech patient with state of the art realistic and medically accurate features.

## OUR PROGRAM INCLUDES:

- Experiencing the real-life excitement of emergency room care in our simulation lab
- Reviewing basic anatomy and physiology, and understanding the functions that maintain health
- Performing hands-on medical procedures with state-of-the-art equipment learning skills necessary for clinical practice
- Meeting professionals from a variety of healthcare fields hearing how their career journeys began
- Sharpening your critical thinking, problem-solving, and teamwork skills while solving medical cases

## We offer 10 sessions:

- Session 1 - **June 10**
- Session 2 - **June 17**
- Session 3 - **June 24**
- Session 4 - **July 8**
- Session 5 - **July 15**
- Session 6 - **July 22**
- Session 7 - **July 29**
- Session 8 - **August 5**
- Session 9 - **August 12**
- Session 10 - **August 19**

**Tuition:** \$2100/ week

Online Applications are open from  
**February 1st to March 31st**
