

We've launched a non-profit organization to make holistic mental health care more affordable for all individuals seeking treatment so they can thrive!

Please join us in our mission! <https://transcendintegrationhi.org>

At Transcend Integration, we strive for a future in which holistic, affordable mental health services empower individuals and families across Hawaii and beyond to lead meaningful lives. We care deeply about the well-being of all.

In addition to our specialty as a trauma and grief practice, we also offer many other holistic, science- and evidence-based treatments.

Your tax-deductible contributions help us provide more holistic therapeutic services for people who would otherwise be unable to afford them.

A donation of \$100, for example, would give someone in need a mental health therapy session.

A donation of \$500 gives someone (or a family) in need 5 mental health therapy sessions or 5 sound healing sessions or other professional holistic therapy sessions (please see our website).
