

JANUARY 2023 *Prayer Requests*

Bora & Lisa

Bora and Lisa, our Community Development Directors based in Cambodia are applying for their visa to come and visit the United States in February and March! Please pray for favor and wisdom in their application process

The Pursat School

We are so excited because our school is now under the care of Pastor Sophun and his church. Our new teachers, Pu Phark & Sotheary have come from his church and are excited to teach and pour into the kids and families that attend the school. Here is the latest update from Pastor Sophun:

"please pray for us to begin meeting with parents of students on Sunday, because when we begin the work of the kingdom of God, Satan is not happy to see the Kingdom of God prosper. So please pray for this work to bear fruit for God, and pray for our teachers to have the wisdom from God to do the work for God, and especially pray for Sunday meeting to share the gospel with them".

M25 Educational Outreaches

2023 has gotten off to an amazing start! We can't wait to tell you about 3 new ways we are supporting education in Cambodia so far this year! We will be sharing this in the coming weeks, but in the meantime, please pray for the students, teachers, and families that our staff is working with!
