

SIDEWALK REPAIRS

FREQUENTLY ASKED QUESTIONS

Why do property owners have to pay for sidewalk repairs?

Per the California Streets and Highways Code (Sections 5610-5618) and the City of Marysville Municipal Code (Sections 11.12.010), property owners are responsible and liable for any damaged sidewalk areas adjacent to their homes or businesses. Property owners also benefit from a safe and aesthetically pleasing sidewalk through increased property value.

What criteria are used to determine if a sidewalk needs to be repaired?

When evaluating sidewalks, Inspectors look for cracked, uneven surfaces, excessive deterioration, excessive slopes, and horizontal or vertical offsets that can cause tripping hazards. Once inspections have been completed property owners are notified of any sidewalk in need of repair.

Do property owners have to use the contractor provided by the City to make repairs?

No. Property owners may hire a contractor of their choosing to complete repairs. However, a City permit is required before completing any work.

Will my home owners insurance cover the cost to replace my sidewalk?

Please contact your insurance provider to determine if sidewalk, curb, and gutter repairs are covered, and it is also recommended that you double check your deductible amount.
