

EVIDENCE BUREAU

In June 2019, the Marysville Police Department partnered with Rite Aid Pharmacy to permanently host a prescription drug drop box in the Marysville Police Department lobby, located at 316 6th Street. The box was awarded to MPD by the Rite Aid Foundation through its KidCents Safe medication Disposal Program, which encourages communities to dispose of unwanted drugs through anonymous drop boxes. Residents can safely dispose of unwanted drugs, including prescription and over the counter medication, vitamins and supplements, and pet medication. Since installing the box in the PD lobby, more than 102 pounds of prescription drugs have been disposed of safely!

Please visit the PD lobby during business hours should you or someone you know wish to dispose of unwanted drugs. **Disposing of Schedule 1 or illegal narcotics, needles or sharp objects, liquids or lotions, aerosol cans, thermometers and/or hazardous materials are NOT permitted.**
