

### **Bret Brooks - Bio**

Bret E. Brooks is an internationally recognized safety and security expert with more than two decades of experience protecting people, property, and operations across the globe. As a leader of Gray Ram Tactical, LLC, he has worked extensively with business leaders, executives, and organizations operating in complex and high-risk environments, delivering strategic guidance, training, and assessments that enable safe and effective international operations. His experience spans multiple continents and industries, providing him with a comprehensive understanding of global threats, risk mitigation, and operational resilience.

Brooks is a member of several international professional organizations, including the World Trade Center network, and maintains numerous certifications and licenses in security, law enforcement, and protective operations. His background includes decades of service in law enforcement and the military, bringing a disciplined, intelligence-driven approach to safeguarding personnel and assets worldwide. Known for translating complex global risks into practical, actionable strategies, Brooks is a trusted advisor to organizations seeking to operate confidently and securely in today's dynamic international environment.
