

Maria Ines Goncalves – Bio

Maria Ines Goncalves is a Project Management Analytics Supervisor with Luzco Technologies, where she has been employed since 2023. She leads and mentors Project Management Analysts supporting a complex portfolio of engineering and infrastructure projects. Her role focuses on driving quality consistency in projects, improving analytics and reporting, and fostering a consultant mindset that enables teams to deliver results while continuously growing professionally. Maria has a passion for building high-performing teams within an environment where high standards and people development go hand in hand.

She also serves as a member of the Advisory Committee for the St. Louis Mosaic Project's International Mentoring St. Louis (IMSTL), supporting its mission to welcome global talent, promote cross-cultural mentorship, and contribute to the long-term growth of the St. Louis region in partnership with the World Trade Center St. Louis.

Maria Ines holds both a Bachelor of Arts in International Relations and Affairs and a Licentiate degree in Political Science and Government from the Universidade Nova de Lisboa in Portugal. She has lived in St. Louis since 2017.
