

Tips for your Flexible Scraper

- Cleans the batter out of your mixing bowl in 1 sweep instead of 20 little swipes
- Smooth frosting on sides of cakes
- Squeezing out the last drop of frosting in your pastry bag or toothpaste in the toothpaste tube
- Use to level the batter placed in Flexipan™ trays, just fill tray and use scraper to swipe off all the drips.
- Moving chopped veggies from cutting board to Flexipan™.
- Scraping off the cutting board to gather up food items that were diced or chopped
- Removing crumbs from your tablecloth.
- Use the straight edge to help cut out coupons; place it along the edge of the coupon and tear the paper along the edge.
- Art – drawing a straight line, folding and creasing paper.
- Cleaning up glitter, dried clay or play dough
- Use to smooth out the glue on the puzzle pieces you are gluing together.
- Applying wall paper or wall decals.
- Chopping dried herbs.
- Spackling knife.
