

U.S. HOUSE OF REPRESENTATIVES
WASHINGTON, D.C. 20515

3/23/2023

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Miami-Dade County C-2 Watershed Stormwater Quality Improvement Project for fiscal year 2024. The entity to receive funding for this project is Miami-Dade County, located at 111 NW 1st Street, Miami, Florida, 33128.

The funding would be used to construct pollution control stormwater infrastructure to improve the water quality of direct discharges through existing outfalls. The project impacts the water quality in the C-2 watershed basin in Miami-Dade County. The project is an appropriate use of taxpayer funds because it will help safeguard the public drinking water and build resilience to flooding and sea level rise.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C. 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,
