

U.S. HOUSE OF REPRESENTATIVES
WASHINGTON, D.C. 20515

March 27, 2026

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the City of Miami East Flagami Flood Mitigation (Pump Station) project for Fiscal Year 2027. The entity to receive funding for this project is the City of Miami, located at 444 S.W. 2nd Avenue, 8th Floor, Miami, FL 33130.

Funding would be used for flooding and right-of-way improvements including new and upsized stormwater inlets and pipes, exfiltration trenches, force mains and a new stormwater pump station. This is an appropriate use of taxpayer funds because it will reduce the risk of and vulnerability to flood hazards while improving environmental and economic resilience both now and into the future.

The project has a federal nexus because the funding provided is for purposes authorized by 42 U.S.C. 5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink that reads "M. Salazar".

Maria Salazar
Member of Congress
