

U.S. HOUSE OF REPRESENTATIVES  
WASHINGTON, D.C. 20515

April 30, 2024

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Pinecrest Stormwater Management and Drainage Improvement Project in fiscal year 2025. The entity to receive funding for this project is the Village of Pinecrest bounded by a private canal on its north side, SW 68th Ave on the east, SW 69th Ave on the west and SW 130th Terr. on the south.

The funding would be used for installing an enhanced storm drainage system in an area of Pinecrest that experiences flooding during both significant storms and more common rain events, and its recurrent flooding issues make it a priority for the Village to address.

This project is an appropriate use of taxpayer funds because it will provide safety to residents in an area that has suffered repetitive flooding issues.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink, appearing to read 'M. Salazar', written over a horizontal line.

Maria Salazar  
Member of Congress
