2023 ACECNJ SCHOLARSHIP FUND SPONSOR FORM

To those of us in the consulting engineering profession, it's clear: professional engineering schools throughout the country are not producing an adequate number of engineers to meet our present and future demands. Fortunately, each year ACECNJ awards scholarships to deserving undergraduate and graduate students in a New Jersey ABET-accredited engineering program.

With the support of donations from consulting engineers and engineering firms, this scholarship fund has the potential to fulfill the goal of fostering future engineers. Last year ACECNJ's scholarship fund raised $26,000, including three memorial scholarships, awarding seven scholarships to students whose accomplishments stood out from all the other applicants.

Scholarship sponsors will be recognized for their contributions during the special presentation, spotlighting scholarship recipients, at ACECNJ's 52nd Annual Engineering Excellence Awards (EEA) Banquet. Additionally, scholarship fund sponsors will be recognized in the Awards Banquet Journal, ACECNJ's social media, and have their logo featured on ACECNJ's website.
