

**Holy Rosary School 2018 Summer Reading Program**  
**Students Currently in 3-4-5**

June 2018

Dear Students and Parents,

First, congratulations on all your hard work this year with reading! We hope you take time to celebrate your success. As we look forward to summer vacation, we want to remind you how important it is to keep reading all summer. We hope that this Summer Reading Program will help you want to continue to read.

Students who are currently in **third and fourth grade** are asked to read 2 chapter books in your reading range. For each book, you will complete one of the papers, which is attached. On the paper you will write an IVF sentence that tells what the book is about, write two sentences describing your favorite part of the book and tell why, and draw a detailed picture of your favorite part. Remember to read chapter books, not picture books.

Students who are currently in **fifth grade** are asked to do the same assignments. The only difference is that your 2 chapter books need to be a minimum of 100 pages and in your reading range.

Return the two assignments by Thursday, August 16, 2018 to your new teacher. On August 31, we will host our Summer Reading Breakfast for all students who complete the Summer Reading assignments.

Happy Reading!

Holy Rosary School Faculty

**\*\* SAMPLE IVF Form 3-4-5 \*\***

Book 1

Name \_\_\_\_\_ Date \_\_\_\_\_

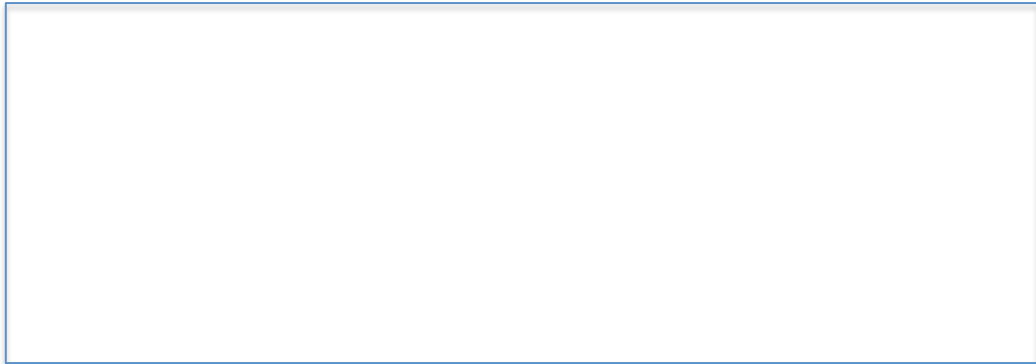

Title of book: Alexander, Who Used to Be Rich Last Sunday

Author: Judith Viorst

Number of pages 10

IVF Sentence:

Alexander, Who Used to Be Rich Last Sunday by Judith Viorst tells how a boys spends all his money in one week.

What is your favorite part and why?

My favorite part of the story is when Alexander realized that he had wasted all of his money on stuff he did not need. I like this part because I could relate. One time I spent my money on something that I thought I wanted but then realized it wasn't as great as I thought it would be.
