

What is the Unity Spiritual Center in the Rockies Pledge Program and goals?

The Unity Spiritual Center in the Rockies Pledge Program is designed to help us continue to be a community of inspiration where people from all spiritual paths feel connected, encouraged, and welcomed. Your participation through recurring (automatic) pledges enables us to predict reliable income for budgeting, programming, operational, and financial expenses that allow us to sustain our spiritual home.

Goals of the Pledge Program include providing an understanding about the power of giving and receiving. Additionally, we want to create an environment of receptivity to learning about the law of attraction to unlock new abundance.

Who can pledge?

The Unity Pledge Program is applicable to anyone from any financial background that is attracted to our services and mission. Inspiration comes to us by the example of those who give generously to help make the world a better place. The Unity movement is grounded in the principle of making the world a better place.

8 REASONS WHY YOU SHOULD PLEDGE

1. Help Unity in the Rockies sustain monthly operations and cover financial obligations
2. Help Unity in the Rockies by providing a reliable stream of income
3. Take action by giving where you are spiritually fed
4. Make an impact on the lives of others regardless of your financial background
5. Work together to be an example of shared ownership to build community
6. Strengthen your relationship with money and open yourself up to new wealth possibilities
7. Enjoy a convenient, safe and reliable one-time setup for your giving
8. Turn your ongoing donation into a larger one over time without budget strain

How much should I give?

You are encouraged to give from a sense of gratitude and joy. The monetary amount is never too little or too much. If giving financially is a stretch for you, then start at a lower percentage and work your way up to 10% or beyond.
